WORK EXPERIENCE

Front-End Web Developer

CODING DOJO   Sep. 2020 - Feb. 2021

6 months of extensive Full Stack Development training including, Web Fundamentals, OOP with Java, and projects and algorithms. Worked with groups to complete tasks and projects with time deadlines. I Fully enjoyed this experience and learned so much.

Front-End Web Developer

ZERO TO MASTERY   June 2021 - ongoing

Training with modern Web Development Technologies. Built multiple projects using the very latest technologies, with animations, APIs, and fully Responsive Designs. I am still learning from here, with thousands of hours of learning materials. Learning never stops.
